NEW BUILDINGS PLANNED FOR WARSAW

NEW BUILDING FOR CENTRAL POWER ADMINISTRATION -- Rzeczpospolita, No 225, 17 Aug 49

The new Central Power Administration building, at Sikorski Avenue, [Warsaw], will stand next to the National Economy Bank, of six-story construction, it will have a cubic volume of 100,000 cubic meters. Together with the bank building, it will form a large block, bounded by the following streets: Sikorski Avenue, Nowy Swiat, Bracka, Mysia. Construction cost will be 200 million zlotys and the building will be ready for occupancy 1 June. 1951.

SHORTAGES DELAY SLASK CONSTRUCTION -- Trybuna Ludu, No 225, 17 Aug 49

An allotment of 675 million zlotys was assigned for improvement of housing conditions in Slask in 1949. In Bedzin, Sosnowiec, and Bielsko work has been progressing rapidly, while in Katowice and a few smaller cities it has barely started. Although in some other localities there is a shortage of materials (tar, tar paper, and tar sealer) and skilled labor, better organization has overcome the difficulties.

WARSAW TO GET NEW HOTELS -- Trybuna Ludu, No 225, 17 Aug 49

The original quota of 2.5 billion zlotys in the six-year plan for the construction of three new hotels in Warsaw has been reduced to 1.5 billion zlotys. The tower building on Plac Warecki will therefore be repaired and two new hotels erected. One will contain 300 - 400 rooms, the other will be smaller. The exact location will be decided in October, when city architects will finally determine the appearance of the eastern side of Marszalkowska Street.
